# EU Supply Chain Due Diligence Schemes

Yves Melin – Partner, Reed Smith LLP

8 novembre 2023

Milano, Hotel Excelsior Gallia

# EU Mandatory Supply Chain Due Diligence

## CBAM

Iron & steel, cement, fertilizers, aluminium, electricity, hydrogen, certain precursors and downstream products

## Deforestation Regulation

Cattle, cocoa, coffee, palm oil, rubber, soy, wood, and their derived products

## Corporate Sustainability Due Diligence

Cross-sectoral to all large EU and non-EU companies over a certain threshold and to smaller companies in high-impact sectors

## Battery Regulation

All batteries and waste batteries, and their raw materials (cobalt; natural graphite; lithium; nickel; and chemical compounds based on the raw materials listed)

## Conflict Minerals

Minerals or metals containing or consisting of tin, tantalum, tungsten or gold

## Forced Labour Regulation

All manufactured products imported to or exported from the EU made with forced labour

**Customs reform**
